II.—Ta'in Tez Man. Translated into English . . . by Dr. E. J. EITEL Prion : 40 Con's.

ACCIDENT TO THE . AMPHI-TRITE.

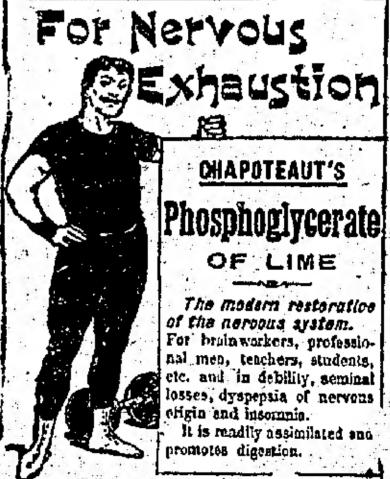

Strikes a Rock near Singapore: Just at present the fighting ships of the King's Navy seem to be having an exceptionally unfortunate time of it, and almost appear to be endeavouring to demonstrate the truth of the parodied adage · Peace hath her dangers no less renowned than war.' Only a month or so ago, the Hannibal and the Prince George came to grief, and now the Amphitrite on the China Station has been trying to knock her bottom out on an uncharted rock in the

South channel of Singapore Harbour. The cruiser came into Hougkongs on Wednesday morning to go into dock, and to see her steaming up the harbour no one would have imagined that anything was wrong with her.

In October, wehe sailed from here for the Straits Sottlements, and was entering Singapore Harbour on Friday, November 6, when the accident occurred. The trip down had been delightful, and at about 8 aon. on the day mentioned the cruiser was bowling along at about twelve and a half knots an hour. The chart showed sixteen fathonis of water in the channol, and since the Admiralty charts are supposed to indicate all obstructions in the vicinity, no danger was feared. Suddenly, however, there was a terrific crash that caused those on board to tremblewith excitement. The great headway of the cruiser was checked with startling suddenness, but not sufficiently to prevent her practically clearing the obstacle. Several successive heavy collisions with the rock took place, and the ominous grinding of stone, tearing of plates, and rending of timbers which took place, as the vessel sheared over into deep water, gave the impression that half of her bottom had been ripped out, and that she would sink in short order. As rapidly as possible the order 'Full steam astern' was given, but the reversal was not of much use, though it possibly prevented the cruiser running squarely on to the rock. Immediately it was realised that a collison had taken place, a signal indicating the fact was run to the masthead, the men were piped to their posts, and the life boats were got ready for lowering. All the watertight compartments, were closed, and when all other precautions possible were taken, men and officers stood expectantly by waiting for further developments. The vessel was steered clear of the rock and when she had got well away planks of wood, used as sheathing on her false keel-floated

A cursory examination of the wells showed that she was taking in slight quantities of water, and the pumps were immediately par in motion. 'Full steam ahead' was the next order, and gathering way with every revolution of her propellor blades, the Amphibrite steamed for Singapore, which On view from Thursday, the 19th port was reached about 6.30 a.m. A ladder was thrown over the vessel's side there. and down this a diver went. Even then 2319 the full extent of the damage could not be ascertained. It could be seen, however, that a large number of planks had been torn from the after part of her hull by the impact, and on the starboard side a strip of copper plating, about one hundred feet long and twenty feet wide, was torn off. The bilge was also found to be injured, but to what extent it was impossible to say, and it is believed that the main keel was bulged. The matter was reported to the Admiralty and orders were received to proceed with all despatch to Hongkong, where the full amount of the damage could be ascertained. On the way up it was discovered that the damage was more extensive than was imagined, a bulge being found in the ship's side and there being evidence that the screw shafting was probably injured.

> IMPURITIES IN THE BLOOD,- We have seen hosts of letters from people who have received great benefit from the use of Clarke's Blood Mixture. It cannot be too highly estimated, for t cleauses and clears the blood from all imparities.' This is a good testimonial from the Family Doctor, which goes on further to say: It is the finest Blood Purifier that science and skill have brought to light, and we can with the atmost confidence recommend it to our subscribers and the public generally.' For Scrofula, Scarry, Eczems, Bad Legs, Skin and Blood Diseases, Pimples and Sores of all kinds, its effects are marvellous. Thousands of wonderful cures have been effected by it. Clarke's Blood Mixture is sold everywhere, at 2s. 9d. per bettle. Beware of worthless imitations and substitutes.

After an anxious time, however, she arrived safely in the harbour at about 9.30 a.m. yesterday. As all the damage is under the water line, the appearance of the vessel did not show the result of the accid-

ent as she lay in the water. The rock on which the Amphilritestruck is of coral formation, and twenty yards from the actual spot where the collision took place there is only three fathoms of water over it. Had the cruiser run fairly on the rock at that point, seeing that she draws twenty-seven feet of water, there is 1814 little doubt that she would have been a total wreck, adding another to the long list of appalling disastors at sea.

Naturally the rock was entered upon the chart, and to give it a designation the Commander named it 'Carter's Shoal.'

of about four hours ensued, owing to a search being undertaken for another aunken shoal upon which another ship touched. This rock was located by the Amphitrite, and four fathoms of water was

found over it. The Amphitrite went into dock this morning, where she will undergo an extensive overhand, and have the necessary repairs executed.

The Amphitrite is a first class cruiser of 11,000) tens displacement, with an indicated horse power of 18,000, and is fitted with Belleville boilers. Her hull is of steel, but is sheathed with timbor. Her dimensions are :-length 435 feet; beam 69 feet; draught 25ft, 3in. She was built at Barrow at a cost of £546,227, and was launched in 1893. She has sixteen 6 inch quick-firing guns, fourteen 12 pounders, eleven smaller quick-firing guns, and machine guns, besides three torpedo tubes, and attains a speed of 20.75 knots. She is at present under the communit of Capt. Charles Wyndham, C.V.O.

The Singapore Free Press of Nov. 11 says :-- Commander Vaughan Lewes reports having personally surveyed and sounded the dangerous sheal at the Eastern Entrance to Singapore Main Strait South Channel. The shoal consists of coral and lies in Ideg. 10min. 7sec. N and 104deg. 22min, E. 'It is 50yds long and 30yds broad, and stretches in a NNW direction. The least depth obtained was three fathoms t low water springs, with other pinnacle hads of four and five fathoms having eight to teven fathoms in among them. Close arous and surround; the sheal are irregula depths of 12, ..., and 20 fathous. The shoalis known as the Carter Shoal.

> MORE DESTRUCTIVE THAN WAR. "Ignorance of the cause and nature of human

nilments, and hi wht best to do when attacked by sickness, is respondite for greater loss of life.

and infinitely more promged misery, than the most desolating war thanks ever waged. Wars break out, rage fiercely, subside, and there is peace once more in the lan, but everywhere and theys there is a proport of the people whe tre sick and ailing; who canot properly sustain their part in the competitions life, and whose time is passed in suffering pat, from which they receive no way of escape excel by death. In all ages the wisest and notest of mankind have exerted their mental power,o the atmost to avert, so far as may be, the suffereg and wastage of humanity, and ther have been lowerded by a teets, large measure of success. The etls we deplore, great at they undoubtedly still are have been enormously diminished by their efforts. Many modes of ireatment formerly in high repute have heen proved by modern science tobe positively detrimental togationts, while remedes have been discovered of each wonderful efficacy that the cures they work would have been secondied miracles in a darker and more superstitious age. The foremost place among these disease-disacting life-savers must be given to Mother Seigela Curative Syrup. For thirty-five years that great remedy has been doing its humane work in all parts of the world. No other medicine is so much osteemed, nor likely to be while people voluntariy write of it in terms such as those employed by Mr Isaac T. Sihiya, of Engunjai, Sucezewood P. O., Griqualand East, Cape Colony, who, in a letter dated 10th June, 1908, says: I am consinced that but for Mother Seigel's Curative Syrup I should not be alive to-dey. Some years ago I had a bad fall from my horse, and sustained a great shrek. I lay for a long time on the ground I olplers, and when assistance arrived it was found that I had severely sprained my spine. After a while I recovered somewhat, and was not greatly troubled by my accident until after I ent-ered upon my present duties as Forest Guard for this district. The work at that time was very hard, the people being unruly and giving much trouble. I had to be on horseback the greater part of every day, and very soon my back began to trouble me again. My kidness were affected and caused me dreadful pain. Many times I was obliged to dismount from my horse and walk, leading the animal behind me; for I was not in a position to give up my wrok. A doctor whom I consulted informed me that one of my kidneys had been displaced, and was otherwise injurious. ly affected. For three years I suffered in this way; and none of the medicines I tried benefitted

> resorting to Seigel's Syrup. Testimony such as this must convince even the most aceptical; yet let it not be forgotten that Seigel's Syrup is the unrivalled remedy for indigestion and of the numerous complain's which arise from that malady. As regards my family, writes Mr C. F. Morsner, of French Hock, Paurl Division, Cape Colony, 15th June, 1903, we keep Seigel's Syrap as our house doctor. It cured me of liver complaint. I have recommended it to numerous people, and always with satisfactory

me in the least. But one day a friend gave me a

little book to read, and advised me to try the

medicine described therein, which proved to be

no other than Mother Seigel's Curative Syrup, I

followed his advice, and to that fac' one the good

health I now enjoy. I am confident that I could

not have continued much longer to endure the terrible anguish with which I was afflicted before

Humanitarians look forward to a time when suffering shall be reduced to its lowest possible limit the goal alike of the best politicians, and physicians.

HONGKONG, PRIDAY, NOVEMBER 20, 1903. THE valedictory speech made by H.E. Sir Henry Blake at yesterday's meeting of the Legislative Council was a fair and careful review of the progress of the Colony since his assumption of the Governorship. Like all new Colonies. Hongkong has had its ups and downs. Chinese is repaid by treatment that is It was hard hit in 1890, but since then | neither fair nor just. His Excellency's has been blessed with unprecedented intercourse with the Chinese has been prosperity. The five years of His Ex. more intimate than we are accustomed cellency's administration have been like to see in a British Colony. It is easy the fat years of biblical history. Local industries have prospered, the Colony has expanded, the revenues have increased, as have the volume of trade and the tonnage visiting the port. long-sought-for acquisition of additional territory was consummated in 1898. This acquisition promises to lead to a greater expansion of British influence in the Province of Kwangtung. There is no need to recapitulate the statistics so succinctly presented by His Excellency. They indicate prosperity and progress, and inspire confidence for the future of the Colony. But it well to emphasise, for the benefit of those who have just discovered Hongkong, some of the points mentioned by His Excellency. During his administration, no less than \$2,741,579 have been spent on Public Works Extraordinary, and preparations have been made for the carrying out of other public works on a scale that would appal the ratepayers of many an English town. The sanitary condition of the Colony, which compares favourably with that of any Far Eastern port, has undergone very substantial improvement. For this the agitation of 1901-02 is partialy responsible, and when the Trust that is being formed comes into operation the city of Victoria will be opened up and overcrowding gradually abolished. Educational facilities have improved, and further changes ore in contempla-

The Club will play in Stripes. The fellaing will play for the cufe :tion, which, it is hoped, will rescue the R. D. Harvey, T. E. Pearce, W. R. educational system of the Colony from Robertson, three-quarters; A. G. the chaos and discredit of the past H. F. Chard, H. C. Sandford, E. D. C. We learn from His Excellency's speech, for the first time, that it is to his Richardson, and A. N. Other, forwards. personal efforts that the Colony owes the opening of additional ports on the Limewashing Pawnshops, West River and the inclusion of Waichow in the Mackay Treaty as a pro-

posed open port. His Excellency rightly claims no credit for the growth of the Colony's importance and its unterial prosperity. Adventitious circumstances that could not -have been forsecen, and which could certainly not have been controlled tion has been put by Ciau Chan Nau, of Band at the Hongkong Hotel. by anyone in Hongkong, have brought the Colony unexpected wealth. position on the coast of a rich Province. with an industrious and enterprising population, the absence of a customs house, and its excellent harbour, are advantages of incalculable value. No matter who governs, provided ordinary commen-sense is exercised in bringing the facilities of the port up to the requirements of trade, and provided nothing is done to neutralise geographical advantages or to drive trude and (opening time) the line ash destroys the clothed. This I would emphatically shipping away from the port, the Colony could not but progress. It is, we believe, hopeless to expect that plugue, that a good limestone in a imperate climate the epidemics of which has handicapped will produce. Further, that this burning the Colony since 1894, can be eradicated but it will mitigate the ravages of that after it has dried. I would uggest that all That cannot be done a day. Even if it were possible, it is undesirable to place the whole burden of such a comprehensive scheme upon the present generation. Though the Colony is a rich one, the majority a neglected cold. As a meccine for the of the people are poor, poorer than the corresponding class in an English city, Cough Remedy.

LOCAL AND GENERAL.

Towards the close of his speech, His Notes by the Way.

On pages 2 and 3 will be found an Excellency referred to his intercourse eccount of the accident to the Amphitrite. with the Chinese. It is impossible not to recognise and appreciate the lofty

HIS EXCELLENCY'S DEPAR. TURE.

Presentation of Civil Service Address.

His Excellency was presented with an address from the Civil Service of the Colony at 4.30 this afternoon at Government House, and reviewed the Hongkong Volunteer Corps on the Parade Ground at 5,30 p,m.

The following is a copy of the Civil Service address :-

To His Excellency, Sir Henry Arthur Blake, G.C.M.G., Governor and Commander in Chief of the Colony of Hongkong and its Dependencies and Vice-Admiral of

the same. May it please your Excellency. Before your Excellency leaves this Colony to take up the important appointment which His Majesty the King has been pleased to confer upon you, it is the desire of those who have serred under you in Hongkong to express their regret at the prospect of your early departure, and the high respect and admiration which they

have learned to feel for Your Excellency. All sections of the community must be aware that since your arrival in this Colony in 1898, you have never spared yourself in t abouring for its welfare, but none can know this so well as those who have had the privilege of workh z under your direc-

The period of your administration has been a momentous one in the history of the Colony, and has had as special difficulties and anxieties. Net only has Hengkong grown steadily in wealth and prosperity, but its area has been largely extended by the occupation of the New Territory,

With the advance of the Colony in Inperial and Commercial importance, increased responsibilities and now problems have) arisen, demnading from the Governor no small measure of sagacity and administrative skill. In our or a staleavours conscientiously to perform our humbler part in the increasing about att at internment. we have all been cheered and encoura ed has been shown us by Your Excellency; to acknowledge the courtest, consideration | been against in the latter replacing Mr T. | have taken in the administration of affairs | they would walk into a death-trap. I have taken in the administration of affairs | they would walk into a death-trap. The amandments therefore do and sympathy which you, as head of the · Civil Service, have invariably extended to

all its members. The Crown has already recognised Your Excellency's administrative abilities by conferring upon you the highest appointments ; in several of the colonies of the Empire. Jour administration of the Dahaums, Newfoundland and Januaica, and here again in Hongkong, Your Excellency has proved; that the Royal choice could have fallen on none worthier or better fitten to Terry on! the high traditions of British is thee, integrity; impartiality and chruestness which. no less than in the mother-country, are so proudly cherished in the King's Dominions

beyond the Seas. The experience gained by Your Excellency during so long a period and in many Colonies has added year by year to the value of your services. It was therefore with great satisfaction that we, the Civil Servants in this Colony, learned that His Majesty had selected you to be Governer of the Colony of Ceylen, one of the played the Annapolis at football, and won fairest as it is one of the most important of

all His Majesty's possessions. We feel confident that Your Excellency term of administration in Caylon will be linst. accompanied by the uniform success which has attended your administration of four other Colonies; and the Civil Service of Hongkong, while regretfully taking leave of a Head for whom it has the highest regard, congratulates the sister-service in Ceylon on its acquisition of so capable, just and considerate a Governor.

In conclusion, we desire to express our heartfelt wish that, not only in Ceylon but elsewhere, Good Health, Prosperity and Your Excellency and Lady Plake.

We have the honour to subscribe ourselves Your Excellency's Most obedient humble servents, Here follow the signatures of the members of the Civil Service. I

To-morrow. His Excellency will be presented with an address from the Hong- Mrs E. Hutchison to Mr Hy. Croskey, of and will then proceed to Blake Pier, via Queen's Road, to the Clock Tower. and then through Pedder's Street. It is understood that Indian troops will line the route from Government House to Blake Pier, and the route His Excellency will take will be by the main gate in Albert Road, past the Government Offices into and down Garden Road to Queen's Road, and thence across Queen's Road to the City Hall.

'Varsity Athletes on Tour. The Times of Ceylon of the 3rd inst. says :- Amongst the recent arrivals in the island by the s.s. Stoffordshire are Mr A. de L. Long, the well-known Oxford our and President of this year's crew, and Mi P. K. Glazebrook, of New College, Oxford. and veil. They are travelling round the world, and are bent on a shooting trip in Ceylon, and in Barms and Cashmere. They have gone R. H. S. Scott, at Ottory, Dikeys, and and a great many friends svailed themselves on which you have carried on the administ the new metal. up country for short visit to Mr and Mrs from there go on to Mr W. AMOY NOTES

(From Cour Cur. Correspondent.)

AMOY, November 18. TABLE GARBETTE

What with another schicker Match, a Chrysanthemma Show, and a Wedding, Amoy has been quite gay of late! The ericket match was held on Saturday after-Thombler. Among made 161 for 5 wickets. munity which I have the honour to repreinnings declared closed, and the Rambler game. For Amoy, Barr made 47 runs and community. I am confident, Sir, that they time has come when you are about to desire on the part of the Government to Wallace 48 not out.

After cricket was over, the Rumbber by four goals to three. The U.S.S.

The Chrysanthemum Show was held on, Monday afternoon, 16th inst, and was t decided success, though the number of exhibitors was fewer than usual owing to the season being late. The bulk of the prizes were carried off by Messrs Wallace, Gardiner, McDougall, and Hempel, and many of the blooms were exceptionally fine. Harpiness may long be granted both to It was a perfect autumn's day, and most of the Kulangsu residents found their way on to the Tennis Lawn, where the Show was held, helore the gathering dusk began to make the beautiful colours invisible.

THE WEBLING. On Tuesday afternoon, the marriage ong Residents at the City Hall at 11.50, Messes Mealle and Co., was celebrated in the Union Church, Kulangsu, by the Rev. J. Macgowan. Mr B. Hempel was the ness. (Applause.) best man, while the Rev. F. P. Joseland gave the bride away. A large number of friends were gathered in the Church to witness the ceremony, and the Church was very tastefully decorated for the occasion by Mr Macgowan's daughters. Mrs Shepherd presided at the organ, and played Mondelssohn's 'Wedding March' as the bridal

party left the Church. The happy bride was dressed in a pale grey soft silk gown with train, trimmed with crepe-de-chine, and wore a white felt picture-hat with a white ostrich feather

'After the return from the Church, Reception was held at Lamorna House, from whose house the bride was married, saying that with the wise and liberal lines man industrials are very much taken with this Bill myself I should be prepared to married couple hearty congratulations and myself most entirely in accord. I think good wishes for the future. The wedding this Colony owes to you a debt of gratitude presents were numerous, beautiful and costly. Mr Croskey has taken the house and larger. (Applause.) For the last ten till lately inhabited by Drs McDougali and years we have been struggling with that Morehouse-the old Spanish Consulate, scourge of plague. We have been learning situated close to Union Church, Kulangsu, in sorrow and bitterness the truth of ed after the Reception was over. That to godliness. CANTON, November 18. RAILWAY OPENING ON SUNDAY.

The question of last Sunday's celebration the opening of the Canton Fatshan section of the railway came up this afternoon at the meeting of the Canton Missionary Conference. Upon the motion of the Rav. W. W. Clayson it was agreed that the secretary of the Conference should be instructed to draw up a strong protest which should then be circulated among the mb sionary community for signature and afterwards forwarded to the proper person or parsons, copies also to be furnished to the various papers. Several speeches were made expressing regret at the occurrence.

THE HOUSING OF LUNATICS.

THE PUBLIC HEALTH AND BUILDINGS ORDINANCE,

The following are the objects and reasons of the Bill to amend the Public Health and Buildings Ordinance No. 1, of 1903, which was introduced and read a first time at the meeting of the Legislative Council yesterday by the Attorney General : -

The object of this amending Ordinance is to effect certain amondments in the Principal Ordinance principally on the recommendation of the Sanitary Board. The practical working of the Ordinance has shown these amendments to be necessary. An amend. ment is also made in the arbitration clauses, by which power is conferred upon the arbitrators, provided for in the Ordinance, to take into their consideration, in determining the amount of compensation which may be payable in any given case, the fact that the rental of the premises is enhanced by reason of its being overcrowded; and by direction of the Secretary of State, amendments are made to various sections of the Principal Ordinance, by which a Sanitary Department is created, and the Principal Civil Medical Officer is constituted its administrative head. In order to give effect to the Board's recommendation, a

new definition of the expression 'external air' is submitted to Council. The Board having reported that section 43 of the Principal Ordinance, as it stands, is unworkable, that section is repealed by the motion, said—Since the Bill was last before Amending Ordinance and has been recast to accord with the Board's recommendation. The object is to expedite and facilitate legal action in case of overcrowding. similar course is taken with respect to the population considerably increased, its this Colony are scarcely inferior to those of now in the hands of hon, members. The sec ions 153 and 145 of the Principal Orimportance enhanced, and its revenue Gibraltar.
